Summary:

Self-taught and passionate Full Stack Developer with a strong knowledge of modern web technologies. Experienced in building large-scale ERP systems, SaaS platforms, and interactive business applications with clean architecture and scalable design. Adept at collaborating in agile teams, delivering user-centric solutions, and continuously learning new technologies to stay ahead in a fast-evolving ecosystem.

Skills:

JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap, Ant Design, Node.js, Express.js, NestJS, PostgreSQL, MongoDB, React Native, Git, GitHub, Docker, Postman, Swagger, GraphQL, REST API

Experience:

Full Stack Software Developer *(Jul 2025 - Nov 2025)* - Easy Fashion Ltd
- Design and develop end-to-end features across frontend and backend, ensuring seamless module integration and intuitive user experiences.
- Collaborate with cross-functional teams, including developers, testers, and project managers.
- Maintain modular, scalable codebases for long-term system sustainability.

Full Stack Web Developer *(Aug 2024 - Jun 2025)* - Freelance
- Developed with Next.js (frontend) and NestJS (backend), featuring secure role-based access, CRUD operations for airlines, airports, planes, and routes, and user authentication for smooth booking experiences.
- Built a full-featured visual editor with reusable components, responsive design, real-time style editing, project dashboard, and integrated billing/subscription system.

Junior Frontend Developer *(Mar 2024 - Jul 2024)* - Mediusware Ltd
- Developed a drag-and-drop website builder with multi-tenancy and subdomain publishing.
- Connected multiple pages with GraphQL APIs for dynamic data rendering.
- Collaborated on event management software, ensuring seamless integration.

Frontend Trainee *(Dec 2023 - Feb 2024)* - Mediusware Ltd
- Developed Profile Page CRUD with role-based access control.
- Built task management and customer order modules with logical rendering.
- Implemented Preferences Page logic, ensuring seamless user interactions.

Frontend Developer *(Sep 2022 - Nov 2023)* - Freelance
- Built multiple full-stack apps, including task managers, authentication systems, and CRUD-based solutions.
- Practiced REST API design, database modeling, and deployment.
- Enhanced debugging, optimization, and version control skills.

Education:

BSc in Mathematics *(2019 - Dropout)* - Habibullah Bahar University College
HSC in Science *(2017 - 2019)* - Kabi Nazrul Govt. College
